OPERA, "THE MIKADO," COMING TO BLAIRMORE

Word has been received from the management of the grand opera, "The Mikado," stating that they will appear here on the night of Monday, September 24th, at the opera house.

"The Mikado" carries a cast of thirty people and is one of the most popular operas on the road.

Further announcement will be made next week.

CHURCH OF ENGLAND

A choir has been formed and meets on Wednesdays at 8 p.m. Volunteers to help with the singing of the services are cordially invited.

There are lots of young people in Blairmore of all nations. Get your costumes ready for our Young People's International Fancy Dress Party on Wednesday, September 30th. Tickets 25 cents. Prizes for the best national costume, boy and girl.

Permits are being granted residents in the province of Ontario to brew their own beer.

FIRST OF WHIST DRIVES

The whist drive and dances held in the Lodge Hall last night under the auspices of Greenhill Temple, Pythian Sisters, was well attended, with twenty-four tables of whist in play. This was the first of a series of eight drives to be held on the third Wednesday of each of eight months, and the highest aggregate score, lady and gent, will receive a special prize.

A good turnout is always expected. The prizes last night were won by ladies' first, Mrs. J. A. McDonald; second, Mrs. H. Moore; consolation, Mrs. Hood. Gents' first, A. W. Womersley; second, E. Womersley; consolation, P. Christophers.

After supper was served, dancing was indulged in until 2 a.m., with Mason providing the music.

POST OFFICE WILL OCCUPY NEW QUARTERS OCTOBER 1st

Joe You, proprietor of the King George Cafe, moved out of the old premises in the Thompson Company building on Tuesday. These premises will be fitted up immediately for the post office and will be occupied as such on October 1st.

WELL KNOWN LOCAL BUSINESS CHANGES HANDS

One of the most important real estate and business deals of recent years has taken place this week, when the business known as the Mar Poy Restaurant and Ice Cream Parlor was disposed of to Mr. Paul Chardon, of Fernie.

Mr. Poy has been a resident of Blairmore for about twenty-two years, being one of the early pioneers. He was a resident of the district during the time that Mar Poy was known as the leading merchant and became well acquainted and popular through his dealings with the public as house-to-house canvasser for business for that firm. Upon Mar Poy selling out to the P. M. Thompson Company and returning to China, Mr. Poy decided to enter into business on his own and established a restaurant, which since that time has grown to a business second to none in the line in the district.

Mr. Poy has enjoyed many years of successful business in Blairmore and will be keenly missed by his numerous friends. He has not yet announced what his future plans are, but in all probability he will in the course of a few months pay a visit to his old home in China.

We welcome Mr. Poy's successor and bespeak for him a continuation of the success that has attended the efforts of his predecessor.

ST. LUKE'S CHURCH

Sunday, September 20th—
11 a.m., Morning Prayer and Holy Communion.
2.30 p.m., Junior and Senior Catechism.

Wednesday, September 24th, at 7.30 p.m.—Missionary Service with illustrated address on "The Work Our Church is Doing from the Pole to the International Boundary."

H. Laurence Nobbs, priest-in-charge.

A new lodge of Elks will be instituted at Vulcan early in October.

BLAIRMORE SCHOOL RE-OPENS HON. PERRIN BAKER ENDORSES SCHOOL BOARD

The Blairmore public and high schools were opened on Monday of this week, after being kept closed ILLEGALLY by the Board for two weeks, since the time set by the Act for the re-opening of school.

The following staff has been installed:

Mr. Norman McPherson, Milk River, principal.

Mr. Eric Muncester, Redcliff, vice-principal.

Mrs. E. V. McSloy, Medicine Hat.

Miss M. L. Hall, Olds.

Miss H. C. Fitzgerald, Big Valley.

Miss Dorothea Cox, Pincher Creek.

Miss M. A. Hyson, Calgary.

Miss Grace Lyndon, Lyndon, Alta.

Mr. John M. Rothney, Macleod.

Miss Mildred McDonald, Creston, B. C.

Mr. E. M. Gugen, Cardston.

The installation of the new staff was not unattended by crude and somewhat amusing incidents. One of these was the summoning of police protection—no one knew what for, whether to protect the children, the members of the old staff, the members of the new staff, or the members of the board. But to the many ratepayers gathered to witness the saddest event in the annals of Blairmore's school, protection, if needed at all, was for the ratepayers against the wild tactics of a so-called board of school trustees.

All the members of the old staff were at the school, to enter upon duties, but when approached by members of the Board and informed that their services were no longer required, they moved away peacefully.

A very fitting sequel to the affair was the serving of the writ, issued by the "dismissed" staff, and served by the sheriff's bailiff upon the chairman of the Board, while the official

was in the heat of the turmoil. This writ constitutes a suit for damages to the extent of \$15,750 and was filed in the Supreme Court in behalf of the teachers in the Blairmore high and public schools, who charge unlawful dismissal against the board. The plaintiffs claim that their contracts with the board were never legally terminated, although they as individuals refused to accept wage reductions as outlined by the board.

The plaintiffs mentioned are: Mr. H. P. Thorson, Miss E. M. Fulton, Miss V. J. Keith, Miss B. E. Douglas, Miss F. M. Gibeau, Miss W. B. Williams, Miss C. Margyis, Miss F. Palmer, Miss M. E. Rae, Miss J. Galloway and Mr. J. H. Bond. They ask for the total salaries for a full year and \$150 each in addition for damages.

Messrs. VanAllen & Simpsen, of Edmonton, have the case in hand for the plaintiffs.

While the ratepayers appear to be holding quiet in the matter, those voicing their opinions are at least three to one against the board's actions.

An connection with the re-opening ceremony, it might be well to state, in justice to the old teaching staff, that the story contained in Wednesday's issue of the Calgary Albertan, which stated that the school was being picketed by the old staff of teachers, supplemented by friendly miners and about 100 children, is entirely untrue. The situation has been attended by the utmost good order, which fact can be attested to by police, who cannot yet understand why they were ever asked to be present.

If any picketing is being done, it is by the members of the school board, who have been attending upon the members of the new staff since their arrival and who are in sight of the school at noon and afternoon closing time, apparently antipathetic trouble.

Ramsay McDonald, former labor premier of Great Britain, has cancelled his proposed visit to and tour through Canada.

BLAIRMORE SCHOOL RE-OPENS HON. PERRIN BAKER ENDORSES SCHOOL BOARD

According to yesterday's Calgary Albertan, Hon. Perrin Baker, Alberta's minister of education, expresses himself in this unreasonable manner in connection with the Blairmore school trouble:

"I understand the Blairmore schools are being re-opened today," Mr. Baker observed, when asked regarding the situation in the mining town. "The school board didn't need any permission from the department to delay opening the schools a couple of weeks. As a matter of fact, school boards are required to keep the schools open a certain period of time each year, and we could scarcely step in and retire a board because they failed to open the schools within a week or two after they were supposed to."

While the minister wishes it to be understood that he is taking no sides in the Blairmore school trouble, yet it appears he is prepared to grant the Blairmore school board exceptional and illimitable powers.

An entirely different view, more in keeping with the Alberta School Ordinance, is expressed by his deputy, Mr. J. H. Ross, who no doubt is acting upon legal opinion procured and who states in a recent communication that the Blairmore schools have been kept closed illegally since September 1st.

The annual tournament for the Charbonnier Cup in the men's and ladies' doubles will be held on the courts of the Blairmore Tennis Club on Saturday, September 19th, and Wednesday, September 23rd.

CONSERVATIVES TO MEET

Local Conservatives will hold a meeting in the store of Joseph Montalbetti tonight at 8 o'clock, for the purpose of selecting delegates to the convention to be held at Macleod tomorrow.

WHIST DRIVE AND SOCIAL

The ladies of St. Anne's church will hold a whist drive and social in the Lodge Hall on Wednesday, September 30th, commencing at 8 o'clock sharp. Bear this event and date in mind.

PRE-ELECTION APPOINTMENTS AT OTTAWA

New Senators.

From the cabinet—Hon. W. S. Fielding, Hon. H. S. Bland, Hon. Chas. Murphy, Hon. Jacques Bureau. Hon. Mr. Murphy will retain his portfolio.

From Alberta—W. A. Buchanan, Lethbridge, and P. E. Lessard, Edmonton.

From Ontario—John Lewis, late editor of the Toronto Globe, and Dr. Rankin, M.P.

From P.E.I.—J. J. Hughes, M.P.

Changes in Cabinet

Hon. J. A. Robb becomes minister of finance.

Hon. G. N. Gordon, deputy speaker, now minister of immigration.

Lucien Cannon, solicitor-general. Herbert Marler, minister without portfolio.

New Railway Commissioner—Thos. Vien, M.P.

BAREE, SON OF KAZAN

James Oliver Curwood

A LOVE EPIC OF THE FAR NORTH

Copyright, 1917, by Doubleday, Page & Co.
"BAREE, SON OF KAZAN," a Vitaphone Picture, With Wolf, the War Dog.
is an Adaptation of This Story

SYNOPSIS

Baree, wandering in the woods, came upon Wakayoo, the black bear, and, fascinated, watched him knock him off the pool. He learned where Wakayoo carried his provisions, a discovery that solved the food problem for the young wolf-dog. One day he suddenly found himself face to face with Baree, the trapper, and his daughter, Nepeese, the white girl, who a few days before had shot and slightly wounded Baree, thinking him a wolf. Nepeese now pursued Baree, who concealed himself beneath a great boulder.

CHAPTER VII.—Continued.

From where he lay Baree could see what happened. Nepeese, who had crawled under the rock when Nepeese and Pierrot appeared through the break in the dip, and stopped. The fact that they stopped thrilled Baree. They were afraid of Wakayoo! The big bear was too swift for the way across the meadow. The sun fell on him, so that his coat shone like black satin. Pierrot stared at him for a moment. Pierrot did not kill for the love of killing. Necessity made him a conservationist. But to see that in spite of the lateness of the season, Wakayoo's coat was splendid—and he raised his fist.

Baree saw this action. He saw a moment later, something spit from the end of the gun, and then he heard that deafening crash that had come with his own hurt, when the Willows' bullet had burned through his flesh. He turned his eyes swiftly to Wakayoo. The big bear had stumbled; he was on his knees, and then he struggled up and lumbered on.

The roar of the rifle came again, and a second time Wakayoo went down. Pierrot could not take at that distance. Wakayoo made a splendid mark. It was laughter; yet for Pierrot and Nepeese it was business—their business of life.

Baree was shivering. It was more from excitement than fear, for he had lost his own fear in the tragedy of these moments. A low whine rose in his throat as he looked at Wakayoo, who had risen again and faced his enemies—his jaws gaping, his head swaying slowly, his legs weakening under him as the blood poured through his torn lungs. Baree whined—because Wakayoo had failed for him, because he had come to look on him as a friend, and because he knew it was

DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience with Lydia E. Pinkham's Vegetable Compound

Provoost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking these bottles I became much better and now I have a bonny baby four months old. I do not know how to help a little with the children. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. ADAMS, Box 84, Provoost, Alberta.

Pains in Left Side

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was very weak and miserable. I saw the advertisement in the Montreal Standard and I had taken four bottles of it. I was a very sick woman and I felt much better. I would not be without it. I also use Lydia E. Pinkham's Sanative Syrup. I recommend the medicine to my friends and am willing for you to use my letter as a testimonial."—Mrs. M. W. KENN, 160 Notre Dame St., Lachine, Quebec.

W. N. 1294

pulling from out the black ages of the forests. The wolf held him quiet and motionless. Nepeese was looking about her. She was waiting. For a moment her face was turned toward him, and he saw the white outline of her teeth, and her beautiful eyes seemed glowing straight at him.

And then, suddenly, she dropped on her knees and bowed under the rock. Their eyes met. For at least half a minute there was not a sound. Nepeese did not move, and her breath came so softly that Baree could not hear it.

Then she said, almost in a whisper: "Baree! Baree! Upi Baree!" It was the first time Baree had heard his name, and there was something so soft and assuring in the sound of it that in spite of himself the dog in him responded to it in a whimper that just reached the Willows' ears. Slowly she stretched in an arm. It was bare and round and soft. He might have darted forward the length of his body and touched the finger to his nose. But something held him back. He knew that it was not an enemy; he knew that the dark eyes shining at him so wonderfully were not filled with the desire to harm—and he knew that the tone to him softly was like a strange and thrilling music.

"Baree! Baree! Upi Baree!" Over and over again the Willows called to him like that, while on her face shone to draw herself a few inches further under the rock. She could not reach him. There was still a foot between her hand and Baree, and she could not wedge herself in an inch more. And then she saw where on the other side of the rock there was a hole, shut in by a stone. If she had removed the stone, and come in that way—

She drew herself out and stood once more in the sunshine. Her heart beat fast. It was heavy over her head, and she would not call him. She made an effort to move the stone which closed in the hollow under the big boulder, but it was wedged in tightly. Then she began digging with a stick.

Five minutes and Nepeese could move the stone. She dug at it, inch by inch, she dragged it out until at last it lay at her feet and she was ready for her boy. She looked again toward Pierrot. He was still busy, and she laughed softly as she untied a big red-and-white Bay handkerchief from about her shoulders. With this she would secure Baree. She dropped on her hands and knees, and then lowered herself flat on the ground and began crawling into the hollow under the boulder.

Baree had moved. With the back of his head flattened against the rock he heard something which Nepeese had not heard; he had felt a slow and growing pressure, and from this pressure he had dragged himself slowly and the pressure still followed. The mass of rock was settling! Nepeese did not see or hear or understand. She was calling to him more and more pleadingly.

"Baree! Baree! Baree!" Her head and shoulders and both arms were under the rock now. The glow of her eyes was very close to Baree. He whined. The thrill of a great and impending danger stirred in his blood. And then—

(To be continued)

The Oldest Living Thing

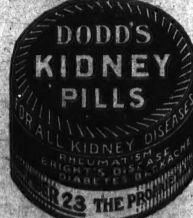

See Found in Solid Rock Is Shown At Toronto.

J. E. Wilson, Toronto builder, is exhibiting a bee, nesting in a solid block of blue stone, which he received recently from a quarry near Owen Sound. When the block of stone was split, says Mr. Wilson, it was found to contain a cavity in which was a roosting, with a bee partly buried in its dried pollen. After being dislodged the bee was able to crawl.

According to the story as fact, the bee in question is undoubtedly the oldest living creature, anything from 25,000 to millions of years old.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective, is mild.

"Jesse, I have told you again and again not to speak when older persons are talking, but wait until they stop." "I've tried that already, mamma. They never do stop."

Historic Old Firm Fails

Blacking Manufacturers in England Flourished until They Gave Up Advertising

Immortalized by Charles Dickens in "Pickwick," the old-established firm of Day and Martin is to close. It was the blacking manufactured by the firm that Sam Weller polished the boots of his master.

An extraordinary general meeting of shareholders passed a resolution that the concern should voluntarily wind up. It was stated that the company had been able to pay off all its old liabilities and to leave a little in hand. Beneath this announcement lies a romantic history of trade, for the firm of Day and Martin is known throughout the English-speaking world. It is mentioned by Dickens and Tom Hood, by George Eliot and Carlyle.

The firm was founded, in 1770, more or less by accident. Mr. Martin, of Doncaster, who was a hairdresser and a surgeon-ba-hor, befriended a weaver soldier who had outstayed his leave. In order to show his gratitude, the soldier gave him a secret recipe for blacking, which he had constantly used on officers' boots. "Make blacking like that," he remarked, "and you will make a fortune." Mr. Martin, with his cousin, Mr. Day, decided to try the recipe. They did so, and so began the famous firm. Up to that, the firm prospered greatly. It then fell on evil days, through the unwillingness of the directors to advertise.

SUMMER COMPLAINTS KILL LITTLE ONES

At the first sign of illness during the hot weather give the little ones Baby's Own Tablets or in a few hours they may be beyond aid. These Tablets will prevent summer complaints if given occasionally to the well child, and will promptly relieve those troubles if they come on suddenly. Baby's Own Tablets should always be kept on hand.

Home where there are young children there is no other medicine so good and the mother has the guarantee of a government analyst that they are absolutely safe. They are sold by all druggists or will be mailed on receipt of price, 25 cents per box, by The Dr. Williams' Medicine Co., Brockville, Ont. A little booklet, "Care of the Baby in Health and Sickness," will be sent free to any mother on request.

Old-fashioned ideas may be the best of them, but you can't run an auto by feeding it cats.

TEETHING BABIES Thousands of Them DIE EVERY SUMMER

The hot weather is very hard on babies starting to cut their teeth. On the first sign of any looseness of the bottom, the mother should give a few doses of

This will quickly offset the diarrhoea, vomiting and purging, and, perhaps save the baby's life. Put-up only by The T. Milburn Co., Limited, Toronto, Ont.

Paper From Flax Straw

Alberta Expects to Establish a New Industry to Benefit Farmers

It is understood that paper from flax straw as a new Alberta industry is making some progress towards realization and the Provincial Government is continuing its investigation into the business possibilities of such an enterprise. Sufficient experimentation has already been done for the present, but further details in connection with getting a possible industry under way will be gathered from the government by the flax commission.

Pain English

"Jimmy told me he stayed under water for two minutes, one day last summer." "Really? It sounds as if he were amphibious." "Well, if that's the Greek for liar, you've hit it!"

Minard's Liniment for Distemper

Ceremonies Observed At Sea

Ships Go Through Certain Ceremonies When Passing Each Other

Ships at sea have a "language" of their own when they wish to converse with or signal to one another. Nearly all big steamers carry wireless installation, but in addition every vessel of this type is provided with a steam whistle or siren, a mechanical-operated foghorn and a bell. Sailing ships are obliged to have both a mechanical foghorn and a bell before they are allowed to enter or leave a port. When ships pass one another at sea certain ceremonies are observed. Thus, a merchant vessel meeting a warship is expected to dip her flag in salute, a courtesy acknowledged by the naval commander in a similar manner. Liners are generally saluted by "tramps," while when one liner meets another the junior captain dips his house flag first.

COLOR IT NEW WITH

"DIAMOND DYES"

Just Dip to Tint or Boil to Dye

Each 1-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

One Explanation

"Too many motorists nowadays can spell go, and can't spell stop," a Detroit judge says. Which may be a result of having eight cylinders in the engine and only four wheels with brakes on—Kansas City Star.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position as the most reliable and useful oil of the people. Its sterling

quality has brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands of people have been benefited by it and would use no other preparation.

Tenacity of the British

Ability To Hang On Is Secret Of Empire Success

For the British the empire and its ways are set for eternity. Days and years are nothing. They just keep on going, and although they ask themselves occasionally when Ramsay MacDonald gives up Singapore, or the coal miners die up industry, or the sole increases, or a squadron loses, or nearly loses a naval battle, whether the empire is to survive, down deep they know the question is not worth asking and does not deserve an answer. They may have to hang on a long time to an enemy who knows they are felled and get mad because they don't know it. All they know is that time is long and all that's necessary is to keep at it. Not so good today, but tomorrow is another day. Chicago Tribune.

Minard's Liniment used by physicians

May Queen Opens Bridge
May Queen Kathleen cut the silver ribbon at the recent official opening of the new bridge over the South Thompson river at Kamloops, B.C., which cost \$235,000. A bevy of pretty girls representing Canada and her provinces took a prominent part in the ceremony.

A handy size package for occasions when half a pound is "just right."

The Importance Of Faith

Doctors Like Patients Who Believe They Will Recover

A Swiss watchmaker who died recently at the age of 100, was diagnosed by physicians in his youth as incurably tubercular. He studied his own case, adopted a systematic, reasoned plan of living and continued in the enjoyment of an active life far beyond the usual span. He had the will to live, call it by whatever name you wish.

Nurses, and physicians, know how important is the patient's state of mind. A will to live, a strong desire to get well, often is the determining factor in a recovery. A cheerful, buoyant manner is not the least of a good physician's attributes.—The Buffalo Express.

Doc—"Well, what's troubling you?" Patient—"Frequent pains in the back."

Doc—"Here are some pills; take one fifteen minutes before pains start."

"My dear, the doctor says a brisk walk before going to bed will cure my insomnia."

"Well," returned his wife, "I'll clear the room so that you can walk, and you may as well take the baby with you."

Make your own mustard Pickles

Home-made mustard pickles. How delicious—and how easy to put up. Here's the recipe—

MUSTARD PICKLES

1 qt. small onions 1 large cauliflower
1 qt. cucumbers 2 heads celery

2 red peppers
Peel onions, cut vegetables in small pieces, cover with weak brine and let stand overnight. In the morning bring to a boil and drain off.

Take 2 cups brown sugar, 1 cup flour, 4 tablespoons Keen's D.S.S. Mustard, 1 tablespoon turmeric and 2 quarts vinegar. Boil this mixture for twenty minutes, stirring constantly. Pour over vegetables. Let stand ten days, stirring every day, then bottle.

Proved safe by millions and prescribed by physicians for

Headache Neuralgia Colds Lumbago
Pain Toothache Neuritis Rheumatism

Safe Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets Also bottles of 24 and 100—Druggists.

Aspirin is the trade name (registered in Canada) of Bayer Manufacture of Monocetyl-salicylate of Sodium (Acetylsalicylic Acid) and Sodium Salicylate. It is well known that Aspirin must be Bayer Manufacture, to assure the public against imitations, the following Bayer device will be stamped with their own device mark, the "Bayer Cross".

W. J. BARTLETT, PUBLISHER

Blairmore, Alta., Thurs., Sept. 17, 1925

BACK ALLIANCE OFFICERS IN BLAIRMORE CASE

Declaring their unanimous endorsement of the action of the provincial executive of the Alberta Teachers' Alliance with respect to the Blairmore case and expressing their full approval of the executive action in authorizing the old staff at Blairmore to remain in Blairmore until they are re-instated and until the Alliance is recognized, the combined Calgary locals of the Public School Teachers' and High School Teachers' Alliances, met in the assembly hall, of Macdonald Public school Wednesday evening.

In addition to the resolution outlined above, the meeting passed a resolution agreeing to a levy to support the teachers at Blairmore who are the center of the dispute between the Alberta Teachers' Alliance and the School Board of the town.

F. Parker, president of the A.T.A., who acted as chairman, stated that the purpose of the meeting was to obtain first-hand information from the general secretary-treasurer, J. W. Barnett, who had just returned from Blairmore, after making a study of the situation.

Mr. Barnett gave a lengthy report to the meeting, pointing out that the real issue was not one of reduction of salaries but that the alliance had been forced into the conflict by the board practically refusing recognition of the organization. He dealt with the various steps in the dispute and stated that the school board was illegally keeping the school closed while they had a fully competent staff in Blairmore under contract with the board since September 1 and in a position to enter upon their duties.

Mr. Barnett reported that he had addressed a meeting on Sunday evening in Blairmore, which was attended by several hundred citizens. He stated that the meeting had been very attentive and those present had evidently desired to hear a full, official statement of the facts of the case. The speaker also said that the audience was strongly in favor of the case put forward, which attitude would indicate that the ratepayers of Blairmore were wholly opposed to the action of the board.

At the conclusion of Mr. Barnett's address the resolution outlined above was passed unanimously.

A supreme court action in behalf of the teachers collectively against the board for breach of agreement is now pending.

Mr. Barnett arrived in Calgary Wednesday from Blairmore and returned to his headquarters in Edmonton Thursday morning.—Calgary Albertan.

We have been asked a few times why it is that the Blairmore School Board has been maintaining such a monopoly over the Calgary Albertan columns, and not to the same extent favoring the Calgary Herald. Maybe The Herald cannot afford to throw away so much free space for a community that represents less than a twenty-thousandth interest in it. Then, again, even the Coleman Journal devoted space at a cost to itself of about \$12.50 to a matter in which less than one-thousandth part of the town's population were interested. We venture to say that if certain members of the Blairmore School Board were obliged to pay for that space at craft rates, that space would not have been used by them. Of course, some people feel that the space used by the Board in these foreign publications may be paid for and that the account might be covered up in that much overgrown petty cash.

TODAY'S NEED

FOR COMPETENCY

Never has there been a time when leadership and competent administration has been so needed to insure a maximum value from public school activities, but without the support of the people, and an enlightened public conscience on such a matter as has been presented here, the administration in many localities has reached the end of its tether. Teacher salary cut is perhaps the most important problem just now, but running it very close is the need for more expert and competent assistance in the administrative offices. In hundreds of school superintendents' offices the clerical assistance is untrained and below the standard of ability found in business establishments. The school superintendent is usually a school man with an academic training, and often a stranger to modern business science and practice. The need for intelligent cost-accounting methods, to take one aspect of school administration, is particularly urgent in many communities. When the peak of taxation for school purposes has been reached, improvement in school activities and in educational fitness can come only by reducing operating and maintenance costs, and using the savings in improving the quality of the teaching staff. But the writer knows from professional experience that too often the school board or committee have nothing on which to base any policy of retrenchment by which this end may be attained, because of the inadequate and primitive methods of accounting and recording. But it is encouraging to note that all over the country public school bodies are awakening to this need; it remains now for the great, tax-paying public to see that the teacher, whose influence on our children means so much, shall receive a compensation commensurate with the value of the service given; or, where necessary, a salary schedule which will insure a better and higher type of teacher.—Christian

SCHOOL FAIRS

A total of 112 school fairs will be held this year throughout the province under the auspices of the provincial departments of agriculture and education. The interest being taken in these fairs is as keen as ever, and a large number of children participate. In the Edmonton school fair district, 14 fairs are being held, in the Vermilion district 15 fairs, in the Selkirk district 12 fairs, in the Old district 36 fairs and in the Claresholm district 35 fairs. In 1924 there were approximately 185,000 entries in the school fairs, which gives some idea of the large number of children competing. The fairs are under the general supervision of the field crop branch of the department of agriculture.

RETURNING OFFICERS

ALBERTA RIDINGS

The list of federal election returning officers for Alberta is now complete, as follows:

Calgary East, G. A. Trainor; Calgary West, Thomas A. Wright; Edmonton East, H. B. Hawitt; Edmonton West, Joseph Detoncel; Peace River, E. H. Sheppard; Beaver Lodge, Acadia, C. N. Bringle; of Hanna; Athabasca, Isaac Gagnon; of Donaville; Battle River, W. J. Shortwell; of Drumheller; Canrose, C. V. Bennett; of Lethbridge; Macleod, Neil Nicholson; of Granum; Medicine Hat, J. A. King; of Medicine Hat; Red Deer, A. G. Bury; of Olds; Vegreville, R. A. Harrison; of Lamont; Wetaskiwin, N. Johnson, of Wetaskiwin.

PARCEL POST CARRIED UP TO FIFTEEN POUNDS

The Hon. Charles Murphy, postmaster general, announces that the postal service will now accept parcels weighing up to 15 pounds for transmission through the mails. There are a good many articles of general use slightly over the present limit of weight which it will now be possible to forward by mail, and this will be in the interest of the public and prove a real convenience which will be appreciated both by business men and the public generally. It will have particular value in cases where it is desired to forward heavier articles to parts of the country to which the post office is the only means of conveyance. The limit of size for parcels accepted for transmission by post will remain as at present.

J. E. UPTON -- Your Home Tailor

In the Matter of THE HOME BANK OF CANADA Payment to Creditors.

Pursuant to the provisions of The Home Bank Creditors' Relief Act, 1925, passed at the last session of the Parliament of Canada, a payment of thirty-five cents on the dollar will be made to creditors for money on deposit or in current account whose deposits did not exceed \$500 on the 17th day of August, 1925, which the said Home Bank suspended payment, who have proved their claims with the undersigned and who are not otherwise debarred under the provisions of the said Act.

Creditors for money on deposit or in current account entitled to participate in this distribution includes holders of bills of exchange issued by the Home Bank of Canada and outstanding, holders of cheques drawn upon the Bank, certified by the Bank, and outstanding at the date the Bank suspended payment, and persons entitled to moneys collected by the Bank as agent prior to suspension and not paid over.

Under the provisions of the said Act, the following persons are debarred from participating in any distribution of funds therein provided: (a) Any person who is or has been a shareholder or any firm of which he is or has been a member; or (b) Any bank or banking correspondent whether in Canada or elsewhere; or (c) Any person who is or has been a director of a bank, or his estate, or any company in which he is or has been a shareholder, or any firm of which he is or has been a member; or (d) The Government of any province, or to any city, town, county, municipality, parish, school board, educational institution, local improvement district, telephone district, or other similar corporation or institution; or (e) Any corporation, association, society, partnership, club, friendly or mutual benefit society, religious or church corporation, labor association, or any such society, organization or association whatsoever; or (f) Any Senator or Member of the House of Commons of Canada.

Any questions arising under the section of the Act in which the above parties are specifically named shall be determined by the Commissioner appointed under the said Act.

Depositors and creditors at the Blairmore Branch of the said Home Bank of Canada are hereby notified that they may obtain payment of the amounts to which they are respectively entitled on application by them at the Blairmore Branch of The Royal Bank of Canada, Blairmore, Alberta, on and after the 2nd day of September, 1925.

Any depositor or creditor failing to take advantage of the provisions of this Act on or before the 27th day of June, 1926, is absolutely barred from receiving any benefits therefrom.

Creditors who have not yet proved their claims are requested to do so without further delay and have their names added to the list for payment.

G. T. CLARKSON,
L. E. WELDON,
Liquidators of The Home Bank of Canada.

Toronto, August 28th, 1925. [s10-17]

Here and There

Canadian bond sales during the week ending August 10th amounted to \$398,579, which brings the total for the year up to \$247,069,106. Of this sum \$108,335,827 represents the value of bonds sold in Canada; \$27,978,823 in the United Kingdom, and \$115,745,006 in the United States.

The port of Montreal is well on the way this season to beat all previous records for tonnage received as statistics, obtained from the Harbor Commissioners' office, show that there is a big increase in the number of ships berthed in the port to date, as compared with the number for the same date last year. Up to August 8, 608 boats had docked here and their total tonnage was 1,366,426, while up to August 15, 1924, only 487 vessels had tied up here since the opening of navigation of the 1924 season, and their tonnage was 1,391,397.

One notable feature of the tourist season in the Canadian Rockies this summer has been the demand for saddle horses, according to J. M. Gibson, secretary of the Trail Riders, who recently returned to Montreal from the west. The practice is growing of sending the horses in advance to points where the trail crosses a motor road and thus encommence one's ride at a point thirty or forty miles from one's headquarters. Thus the great cavalcade of over one hundred riders who participated in the recent three-day cross country ride between Marble Canyon on the Banff-Windermere Highway, to Waste Bungalow Camp on the Canadian Pacific Railway, was made possible and convenient as it took only two hours to convey the riders from Banff and Lake Louise by motor bus to the points of departure.

A junk shop near a railroad crossing in New Jersey bears this admonition to motorists: "Go ahead. Take a chance. We'll buy your car!"

THE ORIGINAL COCKNEY

The city man came down to breakfast, red-eyed and pale.

"A quiet country holiday?" he grumbled to the farmer's daughter. "Why, the pandemonium was unexampled. Nothing like it is ever heard in town. Dogs barking, pigs grunting, sparrows chirping, roosters crowing, horses neighing—so, I didn't sleep a wink."

The pretty daughter of the farmer gave a little laugh. "You city people have such nerves!" she said. "None of you can stand our pastoral repose. You are like the Cockney."

"What Cockney?" he asked.

"The first, the original Cockney," she replied. "He left London, just like you, to spend his holiday in the country, and just like you, the noises wouldn't let him sleep. He said at breakfast that the wild beasts' roaring had been something frightful. And as he talked a cock crowed. That's the one," he said excitedly, "that's the feller. He's been neighing like that all night!"

The girl laughed. "And ever since wrong!"

at time," she said, "Londoners have been called cockneys."

The department of education claims that a non-property holder who pays a four-dollar-a-year educational tax is a taxpayer and entitled to all privileges of a property holder, even to the extent of qualification as a school board member. No sane person can reason with such an idea, for a person may have all his interest in other parts of the world, come into Blairmore and work for any employer for a month or two, and control our affairs upon the mere qualification of paying a four-dollar tax. He is given as much say as those who by living here for years and by investing all their earnings have really been responsible for the very existence of our town and school, but who are penalized for "having (in the opinion of one member of our school board) been fool enough to invest money here."

I parked on the bridge at midnight, but I didn't park there long; for along came a truck, my flivver it struck, and this is why flivvers go

An objection to the expression "used car" is that the adjective is so darned inadequate.

A newspaper claims that a public school is a wholesome social institution. It may be, but not so in Blairmore just now.

An exchange remarks: "Marriage isn't a failure just because some of those who try it are."

The Salvation Army has purchased the Bishop Pinkham College property from the City of Calgary for a consideration of \$22,500.

At the reopening of the Fernie public schools, all beginners were required to bring with them either a certificate of successful vaccination or a certificate of conscientious objection.

A couple of local sports recently attended a Scotch festival, where the greater part of the evening was taken up with Scotch songs and choruses. Delighted with the songs, one of them remarked: "My, what a gift these people have!" "Yes," remarked the other, "that's why!"

A chap at Red Deer was recently reported as "Leaving the Lord's Company."

The Blairmore School Board expects a local store to become a storehouse or shelter for goods or supplies that the school may need during the year. In that time that storekeeper must pay rent, fire insurance and probably school taxes on that very stock they are sheltering for the school board's benefit. The Enterprise refused to submit a tender for any part of the goods listed and as a matter of fact never looked over the list.

Mr. Hamilton, a member of the Blairmore School Board, suggests that the editor of this paper should be "told" that the non-property holder who pays a four-dollar educational tax is qualified as a board member. We might again repeat, that in all fairness to people who have invested their money in a community, we could not be so mean or small as to expect to run affairs if our only interest in the community could be covered with a four-dollar bill.

Sir Henry Thornton has been appointed president and chairman of the Canadian National Railways at an annual salary of \$55,000, being an increase of \$15,000. The new contract is to run for a period of three years.

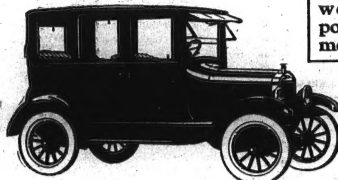

A boy picked up an overcoat on the public highway near Wardner, B.C., finding in a pocket a wallet containing several hundred dollars. The overcoat and money were subsequently claimed by a tourist motorist and the boy was handsomely rewarded to the extent of twenty cents.

"Speaking of distances," says an exchange, "here's one to puzzle the acute mentality in Alberta or in the whole Dominion for that matter: Alberta this year will require 1,979,186 miles of binder twine to harvest its crop. In other words, twine enough will be needed in this province alone to encircle the earth more than 79 times. That will give some idea of the magnitude of Alberta's crop this year."

MADE IN CANADA

Here and There

The first batch of last winter's furs brought from the Far North by the steamer "Distributer," from Akavik, has arrived at Edmonton, Alta., and is valued at approximately \$1,000,000. Most of the furs were reported throughout the north.

Sockeye salmon fishing around Vancouver, B.C., for the first three weeks of the current season, while not as active as last year's, has, so far, resulted in fairly good catches. The latest reports indicate a catch to date of 55,000 cases, which is 2,000 cases less than last year.

While the members of Dean Sinclair's party of school teachers from Ontario is returning East from their tour of the country the party of British teachers, who landed in Canada recently, is now travelling through the West on a special Canadian Pacific train to gain knowledge of the country and information concerning its resources.

Construction of the half million dollar storage and power dam on the Muskoh River, authorized at its last session by the Ontario Legislature, has been commenced. The proposed work is designed to control the flow from the Muskoh Lake basin and will enable the linking up of power development in that district with the Niagara-Severn system.

Passenger traffic over Western Lines of the Canadian Pacific Railway to date this summer has been particularly heavy, and a large number of special trains and special cars being operated for British, Canadian and American tourists. Lake side and summer tourist travel to the annual exhibition at Saskatoon and other Western points required the operation of special trains.

Construction of one of the largest and most modern departmental stores at Winnipeg, Man., by the Hudson's Bay Company will be proceeded with immediately, according to an announcement by Mayor Webb of that city. A start upon the company's building programme here was assured, stated Mayor Webb, with the passing of a by-law by the City Council providing for a memorial boulevard flanking the Hudson's Bay property.

During the first half of August two important Ontario railway towns celebrated their Old Home Week and held pageants illustrative of their local history and industrial activities. These were North Bay and Smith Falls, both of which held C.P.R. Days and were the meeting points for thousands of railroad men, who assisted in the pioneering work of the districts. The Old Home Week at North Bay marked the graduation of that town to full-fledged cityhood.

Eloquent White Space

is the ADVERTISING space entreprising merchants use in "The Enterprise" to tell the good folks of this community about their stores and their goods.

Good ADVERTISING is moving eloquence, too. It brings new customers to your store. It builds good will. It creates new business, moves goods and makes bigger profits possible.

ADVERTISING is a hardworking ally that should be co-operating with every merchant. Why not investigate its merits. Ask us about it.

PROGRESSIVE MERCHANTS ADVERTISE

Issued by Canadian Weekly Newspapers Association

All tourists' records, motor and train, are being broken at Banff, Alberta, this year. More than 13,000 cars were registered by the first of August with the big rush yet to come. As many as 2,000 were under canvas at one time in the Government auto camp ground.

Maple sugar and maple syrup production in Canada during the season of 1925 amounted to 9,701,359 pounds and 1,672,093 gallons, respectively, with an aggregate value of \$6,825,416. This compares with an output of 9,385,416 pounds of maple sugar and 1,070,606 gallons of maple syrup during 1924. Quebec province accounted for over 90 per cent. of the production of maple sugar and over half of the output of maple syrup.

Production of the four basic industries of British Columbia during 1924 aggregated in value \$210,692,793, as compared with \$207,034,411 in the previous year, according to a statement issued by the Provincial Government. The 1924 production was made up as follows, with 1923 comparative figures in brackets: Forest products, \$80,702,000 (\$86,074,400); agriculture, \$60,929,224 (\$59,129,738); manufacturing, \$48,704,000 (\$41,304,320); and fisheries, \$21,255,965 (\$20,795,923).

Canada's ordinary revenue for the four months of the present fiscal year ended July 31 last, shows an increase of \$2,332,163 over the same four-month period last year, according to a statement made by the Department of Finance. Ordinary revenue for the four months of 1925 amounted to \$141,739,416. Ordinary expenditures during the four-month period show a decrease from \$95,545,541 in 1924 to \$95,555,692 this year.

George H. Ham, known throughout Canada as the Grand Old Man of the Canadian Pacific, celebrated his seventy-eighth birthday on Sunday, August 22nd, and was the recipient of a deluge of congratulatory messages from all parts of the country. Col. Ham has been with the Canadian Pacific since 1891 and by his social activities and powers as an orator has made for himself and for the company a veritable army of staunch and faithful friends.

Butter exported from Canada during the twelve months ending June, 1925, amounted to 25,096,100 pounds, valued at \$8,934,794, a decided increase over the figures of the previous year when exports amounted to 18,668,379 pounds, valued at \$5,081,824, according to a report issued by the Federal Department of Agriculture. Shipments were made to the United Kingdom, the United States, South America, South Africa, West Indies, Alaska, China, Japan, Germany, Belgium, Cuba, Holland, New Zealand and many other countries.

An apple tree that blooms twice a year and bears fruit has been reported by A. J. Smith, of St. Catharines, Ontario.

More than 100 persons joined the ride of the Trail Riders of the Rockies on their horseback journey from Banff to Wapta Canyon, via Marble Canyon and Lake O'Hara. The ride started on August 8.

Grain figures issued by the Harbor Commission of Montreal show that on August 1st all grain shipment records were broken by Quebec's delivery of 9,277,712 bushels of grain to outgoing ships. Harbor officials state that this is the first time that grain shipments in one day have topped the two million bushel mark.

Installation of machinery at the new annex of the Dominion Textile Mill at Montmorency Falls, Quebec, will be started by January first next. About 300 additional employees will be required to operate the plant. At present there are about 1,800 employed at the mills.

A prophecy that the Orient would become in the very near future a really large importer of Canadian wheat was made recently by Hon. Dr. J. H. King, Minister of Public Works. In predicting increased Orient trade in grain, Dr. King pointed out that imports of wheat from Canada for 1923-1924 increased by 400 per cent.

Over fifteen thousand men left the east on the first harvest excursion from the east to the wheat fields in the middle of August. Four other excursions are to follow from Toronto later in August and September, when it is expected that the majority of the remainder of the 60,000 men required for the harvest will travel west.

British teachers touring Canada under the auspices of the Overseas Educational League are now enjoying all the various forms of entertainment to be found in the Canadian Pacific Rockies. They have been riding trails, hiking, fishing, motoring, bathing in the sulphur springs at the Banff Springs Hotel and were the guests at a dinner there given by J. M. Gibson, secretary of the Trail Riders of the Canadian Rockies.

Confidence of United States capital in the Dominion, optimistic preparations for the new Canadian financing, prospects of a good crop, large United States purchasing in Canada, and heavy expenditures of American tourists in the Dominion, were some of the reasons offered by New York financial experts for the consistent above par stand of the Canadian dollar on the New York exchange. The Canadian dollar is now at a premium on the New York exchange.

The total number of students in Canadian universities and colleges in 1924 was 62,039, or nearly one in eighteen of the total population, according to a bulletin issued by the Dominion Bureau of Statistics. Under the category of colleges, the total number in 1924 was 83. Of this total six are agricultural, two technical, two law, one dental, one for pharmacy, one for veterinary science, 28 theological, 39 affiliated, one school for higher commercial studies, one college of art and one military college.

During the coming winter Canada will see the debut of a new transportation device known as the Snow-motor. This consists of two hollow cigar shaped cylinders or drums to which flanges, resembling cork screws, are attached. These drums are fitted to an automobile or tractor in the place of the wheels and, by rotating actually float the machine over the snow. The snow-motor is regarded as especially valuable in the transportation of lumber; it can negotiate snow of any depth and can operate in countries where other methods of transportation are impossible or too costly and can also make roads which other vehicles can use. It is manufactured in Detroit and will be on the market in Montreal during the coming winter.

Twelve British newspapermen representing some of the most important dailies in Great Britain, are now making a six weeks' tour of the country over Canadian Pacific lines. The party will travel from Halifax to the Pacific Coast taking in all the important industrial and scenic spots of the country. They will spend a day at the Canadian National Exhibition at Toronto, and will visit the famous Bungalow Camps in Ontario, as well as the beauty spots in the Rockies. They arrived at Quebec on August the 22nd, on the Montclair, the object of the tour being to correct in the minds of representative British journalists the erroneous impressions recently made in England regarding Canada by certain sections of the press.

All previous records set by the Manitoba Telephone System, a provincial all-government owned and operated utility, were surpassed in July, when net earnings for the month were \$15,754. A surplus of \$100,000 was predicted for the present fiscal year.

According to an estimate made by Quebec Automobile Club officials from data supplied by transportation companies and garages, 200,000 tourists have already passed through Quebec this year. This, it is explained, is an increase of twenty per cent. over the total for the whole of last year.

Building permits issued in Winnipeg since the beginning of the current year to date have topped the three million dollar mark, being \$3,034,840 for 1,704 structures. For the corresponding period of last year the total was \$2,289,450 for 1,733 buildings, an increase in value for this year of \$745,390.

Heavy shipments of this season's crop of potatoes in Fredericton, N.B., are now being made to the Cuban market from the potato belt on the Upper St. John River, according to the provincial superintendent of the crops and soil division of the Department of Agriculture. There have been large consignments from Carleton and Victoria counties.

Greater Montreal's population is now estimated at 1,928,000, according to the 1925 issue of Lovell's Montreal Directory just published. Population of the city proper is estimated at 907,500. Population in the suburbs and surrounding country is given as 120,500. The last estimate of Greater Montreal's population, by the same authority, gave the population as 978,027.

A party consisting of twelve Chinese students from Hong Kong and Peking arrived in Montreal recently to take up temporary positions in departments and shops of the Canadian Pacific Railway, in order to familiarize themselves with the railway situation in Canada. They will remain a few months and then return to China to make practical use of the information they acquire.

Among the notable personages who arrived in Canada during the first week in September from Europe were Princess Patricia, Sir Thomas and Lady Gratton, the Earl and Countess of Mar and Kellie, all of whom were on the Canadian Pacific steamship Montclair; James Oliver, former Prince of Wales, and the Earl and Countess of Mar and Kellie, all of whom were on the Canadian Pacific steamship Montclair; James Oliver, former Prince of Wales, and the Earl and Countess of Mar and Kellie, all of whom were on the Canadian Pacific steamship Montclair.

Calgary, Alberta. — The No. 4 Royaltie well (Imperial), continues to produce gas at a rate of 100,000 cubic feet per day. Its production increased July to 646,135 gallons, 73 degrees Beaume, an increase of 25 barrels daily over the June production. The production continues to increase and the flow of gas at 20,000,000 cubic feet a day is being maintained. This flow will shortly be harnessed to supply Calgary.

Preparations are under way for the holding in Montreal in June next year of the annual convention of the American Association of Railroad Superintendents. J. K. Savage, General Superintendent, Canadian Pacific, was elected chairman of the arrangements committee, and plans were made for the organization of a complete committee to go ahead with the business of making the convention a success.

A despatch from London states that in the past three weeks more than 20,000 boxes of Quebec-made cheese have arrived and been sold in London at good prices, the quality, it is said, being of the best. It is pointed out that if Quebec products are to obtain the position they deserve here it is necessary to keep continuous supplies coming, in order to make them known to the general public, rather than to make either isolated or occasional speculative shipments. Along this line, some 7,000 boxes of Quebec-made cheese have been shipped from here to the London market during the past week.

A party of British journalists is now touring Canada at the invitation of President E. W. Beatty, of the Canadian Pacific Railway, for the purpose of gaining first hand knowledge of economic and industrial conditions in this country. They are John A. Buist, Glasgow Herald; C. J. Jory, London Daily Telegraph; F. R. Peterson, London Times; H. B. South, Wales Daily News; Lord Cardiff; Captain E. Altham, London Morning Post; Hugh Martin, London Daily News; R. A. Colwell, Western Morning News, Plymouth; W. A. Panton, Daily Chronicle, London; J. F. Claver, Westminster Gazette, London; John Savers, Belfast Telegraph.

BLAIRMORE ALBERTA

A party of thirty prominent American society people, scientists and artists succeeded recently in blazing a new passage along the Wolverine pass across the northern Canadian Pacific Rockies with the Trail Riders of the Canadian Rockies. The Riders this year have many famous men among them and six separate countries are represented. Twenty of the members wear gold and enamel buttons, showing that they have ridden 2,500 miles along the mountain trails.

The funeral in Montreal recently of the late G. M. Bosworth, chairman Canadian Pacific Steamships, was attended by E. W. Beatty, chairman and president of the Canadian Pacific Railway, and nearly all the directors and executive officers of the company. An impressive and dignified funeral followed the ceremony, commencing at the company's police officers and men from the various Canadian Pacific steamships.

CUTTING AND THRESHING IN ONE OPERATION

E. G. Cook, M.L.A., Pincher Creek, is cutting and threshing his wheat crop with one operation. He uses a machine drawn by eight horses, cuts a swath fifteen feet wide, and covers 35 to 40 acres daily, employing two men, one to drive horses and the other to look after the threshing machine which is operated by a 25 h.p. motor. Only enough straw is cut to get all the heads. This is elevated as in any binder or header and dropped into the threshing. Tank wagons follow the machine to take the wheat stream. Only fields of unfirmly ripe grain can be successfully harvested. Saving of time, stooking, shattering of grain from the usual many handlings, and of labor are effected, amounting in all to about 15 cents per bushel, according to Mr. Cook.

With the organization of the Elks lodge at Coleman, the entire town band has been gathered in the herd and will in future be known as the Elks Band. This aggregation is not made up of "hogs," but is out to serve not only Coleman, but other Pass Towns where the Elks are operating, and have offered their services practically free of charge.

THREE SURVIVORS OF PIONEERS

The following article, copied from The Stillwater Gazette, is of considerable local interest, in that the late Mr. George P. Hinds, father of our local citizen, Mr. Ernest Hinds, was for years a member of the same club and many times took part in similar ceremonies:

"With glasses filled with rare old Chartreuse liquor, three old men, bent and grey with age, Monday kept a covenant of twenty years when they quaffed a toast with the liquor to the departed members of the Last Two Men's club at the twenty-first annual banquet at the Horace Voligny home in Oak Park.

"To our dead comrades" they whispered as they raised their glasses and drank. And thus ended the existence of the club, the agreement kept, even though in a somewhat different manner than was expressed at that first meeting in 1905 when the club was organized.

"And as the survivors three honored their departed comrades of Co. G, 8th Minnesota Volunteers, there were five widows standing there with bowed heads, with eyes filled with tears and hearts wrought with mingled sorrow and gladness. It seemed but yesterday to them that their husbands had sat at the banquet board along with Horace Voligny and John Blake and Jacob Secret and now they were gathered together once again, while the three last members of that once courageous, virile and patriotic band of men were keeping the covenant agreed to twenty years ago.

"A year ago the members three virtually decided that the meeting a year hence should be the last and a couple of months ago they made the decision final. The difficulties of traveling were becoming more burdensome each year to the two who had to journey and so they agreed that this year's meeting should close the chapter. And, too, 'Mother' Voligny was not able and spry as she has been in years past and the task of preparing the banquet was becoming harder. This fact was largely instrumental in the 'boys' making their decision.

"So the trio, after a round of picture taking, opened the cob-wheeled bottle and drank the toast to those gone beyond.

"As in years past, the banquet was prepared and served by 'Mother' Voligny, with the aid of trusted help who have been aligned with the banquet for years. With chicken and 'fixins' and 'Grand Army' beans the boys sat together at their last club banquet with the five widows and Mrs. Voligny.

"Then followed the hour of reminiscence in which all participated, with stories told of the stirring day of '90 and '91.

"The tattered and faded flag that Co. G carried throughout the conflict, given to the company by the ladies of Oak Park, was carefully folded and placed in its special box and the various and important documents and minutes of the club were gathered and put in their proper place. It is possible that the club will tender the Minnesota Historical society with the ancient emblem to further perpetuate the memory of the gallant company.

"And thus ended the Last Two Men's club by Horace Voligny, 87; John Blake, Melon, Wis., 83, and Jacob Secret, Minneapolis, 83."

Protection From Obstruction

An old farmer attended a picnic and stayed over to watch the dancing at night. He hadn't been out in the world much, and he was deeply impressed with the girls' clothes at that dance.

"Some of the ladies' clothes I see here," he said, "puts me in mind of a barbed wire."

Somebody asked him why.

"Well," said he, "it's this way—they appear to protect the property without obstructing the view."

COWLEY HAPPENINGS

Morace Scottie and family, who have resided here for several months, have moved to Coleman.

The recent rains are helping up both haying and threshing. Up to the present, frost is holding off remarkably well.

Mr. and Mrs. S. McCauley and family, of Sirdar, B.C., who have been visiting with Mr. and Mrs. H. C. Morrison and family, have returned home.

A very thorough five-days' course in dressmaking was held here under the auspices of the Women's Institute, Miss Tills, from the department of the home bureau service, was the very competent instructor.

A school fair meeting was held here on Saturday night and final arrangements were made for the fair, which will be held on Friday of this week. Weather conditions being favorable, we are looking forward to a good crowd. Mrs. Altmatt's orchestra will play for the dance, which will be put on here in the Tustian hall on the evening of the fair. Proceeds will go towards the school fair fund.

An unusually large crowd of ladies attended the constituency conference of the Women's Institute, which was held here in the Masonic hall on Tuesday. An interesting programme was crowded into only two short afternoon. It was suggested that a full day be taken for the conference next year, which will be held in Pincher Creek. A very pleasant and profitable evening was spent. At the close of the meeting the Ashvale ladies entertained with an appetizing lunch.

A country is not made great by the number of square miles it contains, but by the number of square people it contains.

Crowfoot Rebekah Lodge will hold a whist drive and social on Wednesday evening next, September 23rd. Six good prizes will be given and a good time is assured.

Two boys were killed when detonators they were playing with exploded near Lethbridge on Sunday morning. Three other lads are in hospital suffering from injuries. The accident was found to have been caused by a lighted cigarette.

Mr. W. Bird, of the office staff of the Blairmore Iron Works, has accepted a position as agent for the West Canadian Collieries, with offices in Regina. Mr. Bird will leave for Regina in a few days, to be joined there later by Mrs. Bird.

Man is worth less than formerly. A scientist tells us that from a chemical standpoint man is worth about a dollar, but as the dollar of today is not worth as much as it was years ago, we take it that man must also be worth less.

Tourists to Vancouver this season by motor cars, trains and boats, will total near one and a half million, while the total revenue received through that avenue by the city of Vancouver alone is estimated at \$45,000,000.

Here and There

Since the first of April up to the present time approximately seven million pounds of various fish have been landed at North Sydney, N.S., by local fishermen. The catch made so far this season is far in excess of any previous year's catch in the history of this port.

All tourist and motorist records are being broken at Banff this year. There are three times as many campers as in any other year and 2,400 more bathers than in 1924. The Canadian Pacific hotel here and at Lake Louise reports bookings as being unusually heavy.

More Alberta provincial savings certificates were sold in the first six months of this year than in any full year previously, even including the big record year of 1929. Since the beginning of the current year up to the end of June, the total sales amounted to \$1,011,600. There is now close to \$7,000,000 outstanding in savings certificates.

INCREASED U.S. TRAFFIC CALLS FOR NEW OFFICIAL

Owing to the large increase in traffic being developed by the Canadian National Railways in the eastern United States, it has been considered necessary to appoint an officer with jurisdiction over that territory and Mr. Frank A. Young, who since 1922 has been general passenger agent of the European traffic department of the system in London, England, has been promoted to the position of general eastern passenger agent with headquarters in New York.

The appointment became effective on September 1, and Mr. Young, who arrived in Canada a few days ago, will take over his new duties immediately.

Mr. Young was born in Winnipeg 42 years ago and has been identified with the transportation industry in Canada for 24 years. He commenced his career in the traffic office of the Canadian Northern Railway at Winnipeg in 1901 and held various positions there until 1909, when he was moved to Toronto as travelling passenger agent. The same year he was transferred to Chicago as commercial agent and in 1911 was appointed general agent with headquarters in New York. In 1920 he left the railway to become special representative of the Canadian Government Merchant Marine, but he returned to the rail service in 1922 to accept the position which he held until his recent appointment.

MANY AUTOS REGISTERED

More than 52,000 cars are operating in Alberta this year, compared with something over 47,000 in 1924. The total receipts from car licences thus far this year have been \$912,000, compared with \$845,000 for the entire year of 1924.

The I.O.O.F. annual ball will be held on Friday, October 16th, and the 17th as mentioned in our issue of last week. Remember the date—Friday, October the 16th, and keep it open.

Harvesting of Alberta's first sugar beet crop on the irrigation districts for the new sugar beet factory at Raymond is commencing. The crop is a large one and is expected to average fifteen or sixteen tons to the acre throughout the district.

The season for ducks and Hungarian partridge opened on Tuesday and that morning there was a great race of hunters from this district towards likely haunts. While birds were reported plentiful, very few good bags were brought in.

The good people of Coleman would do well to hog-tie and muzzle the individual operating a newspaper in that town. The views expressed by him regarding Blairmore and its citizens are not by any means the views of the more intelligent and respectable element of that community.

The complete list of events and prize winners at the recent annual show of the Bellevue and District Horticultural and Industrial Club will appear in our next issue. A few hundred extra copies will be printed for free distribution and may be had by anyone desiring them upon application.

NOTICE TO CREDITORS AND CLAIMANTS

IN THE ESTATE OF RICHARD ALEXANDER LYSTER, late of Passburg, in the Province of Alberta, Rancher, deceased.

NOTICE is hereby given that all persons having claims upon the Estate of the above named Richard Alexander Lyster, who died on the 11th day of September, 1922, are required to file with Messrs. Gillis & Mackenzie, Barristers, Blairmore, Solicitors for Mrs. Isabelle E. Lyster, Executrix of the last Will and Testament of the said Richard Alexander Lyster by the 31st day of October, 1925, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executrix will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed as which have been brought to her knowledge.

DOMINION LOAN SETS A RECORD FOR FINANCING

Toronto.—Judging by orders received for the Dominion Loan, 1925 has almost set a record for successful government financing. Orders for financial institutions have been larger than in either of the previous refunding loans, each of which was recorded as so highly successful. Last all the orders received from institutions been accepted in full, only a small amount of bonds would have been available for other classes of investors. It is understood, however, that the large orders have been scaled down by the syndicate to the extent of more than 60 per cent. and, as a result, more than one-half of the loan will be available to the smaller private buyers. In adopting this plan, the syndicate has followed its policy of underwriting to arrange, as far as possible, to all orders from private investors, and to ensure a coast to coast distribution of the new loan.

It is a fact that a new Dominion Loan brings out a certain class of investor who will allow his funds to remain idle for several months previously. The reception accorded the new loan is a tribute to the financial stability of Canada and Canadians. The fact that Canada has proven herself fully capable of financing her own requirements plays an important part in strengthening Canada's credit abroad that her securities are in demand in the principal money markets of the world.

Heads Grain Exchange

Officers Elected at Winnipeg for the Ensuing Year.
Winnipeg.—D. C. MacLachlan, manager of the Western Elevator Company, was elected president of the Winnipeg Grain Exchange for the term of 1925-26, at the annual meeting of the exchange members. A. Thompson, manager of the International Elevator Company, and N. J. Brown, western manager of the Lake of the Woods Milling Company, were again vice-presidents. H. J. MacLachlan was returned as secretary by acclamation. The executive council of committees were also selected.

British Subjects Only

Government of Western Australia Will Not Employ Foreigners.
Perth, Australia.—The Government of Western Australia, having learned that foreigners have secured a large proportion of the work offered in connection with the clearing of land for the purpose of cultivation, has decided that in future any money advanced made to settlers by the Agricultural bank for finance, such work shall be made on the condition that only British subjects shall be employed.

Hoey With Wheat Pool.
Winnipeg.—The appointment of H. A. Hoey, M.P. for Springfield, to the position of assistant director of the newly formed department of public and education of the Manitoba Wheat Pool, was announced here. Mr. Hoey's withdrawal from political life was foreshadowed in a Canadian Press dispatch.

Bessarabian Peasants on Trial Vienna.—The Abende says it learns that 800 Bessarabian peasants are now on trial at Khakhiv, Rumania, by a military tribunal. They were arrested by a Rumanian punitive expedition following discovery of an alleged plot to deliver Bessarabia over to Soviet Russia.

Fruit Houses Amalgamated.
Winnipeg.—J. A. MacLachlan, general manager of the Nash Fruit Company in Western Canada, has confirmed a previous announcement that the Nash companies had been amalgamated under the name of the Nash-Brimington Company.

Increased Unemployment in Great Britain.—Unemployment in Great Britain continues rapidly to increase. The report for August 31 shows a total of 1,265,100 persons unemployed, which is 10,282 more than the previous week and 191,220 over last year.

Monarch Is A Hero.
Rome.—King Boris played the role of hero recently when he jumped from a moving automobile and stopped a team of runaway horses, probably saving the lives of several children. Letting out oats on hire to destroy weeds in grain and potatoes is becoming a thriving industry in London.

W. N. U. 1594

Cabinet Ministers Sworn In

Hon. J. A. Robb Succeeds Fielding As Minister of Finance.
Ottawa.—The cabinet re-organization was officially completed when Hon. J. A. Robb was sworn in as minister of finance and Hon. Robert Borden, as minister without portfolio. The two ministers were sworn in by Sir J. Lemay, clerk of the privy council, in the presence of His Excellency Lord Byng at Government House.

Should the present government be returned to power, there is likely to be further re-adjustment of the cabinet. Two ministers, Hon. Charles Murphy and Hon. Dr. Hespeler, are in uncertainty, retaining office only until the elections are over, and there will then be some re-adjusting of portfolios.

Mr. Robb has been acting minister of finance for some time, owing to the illness of the veteran parliamentarian, Rt. Hon. W. S. Fielding, who now has been retired, after many years of service to his country.

Return Historic Shield

Escutcheon Taken From Quebec Is Presented to City After Long Journey.

Quebec.—Coinciding with the one hundred and sixty-sixth anniversary of the battle of the Plains of Abraham, this battle and the subsequent capitulation of Quebec to the British troops were revived in the city when the escutcheon presented to the historic city by a king of France, taken from the walls of Quebec by General Murray after the capitulation of the city, and afterwards handed to the city of Hastings for safekeeping, was officially returned to the city of Quebec as a goodwill offering from England to French-Canadians.

Hon. P. C. Larkin, Canadian high commissioner in London, handed over the shield to Quebec as the official representative of the town of Hastings, England, after the unveiling ceremony by Hon. N. Perceux, lieutenant-governor.

Canadians Coming Back

Over 50,000 Have Returned From U. S.

Ottawa.—Immigration to Canada for the first three months of the present fiscal year, that is, from April 1 to June 30, 1925, totalled 52,449, according to a report issued by the department of immigration.

Of this total 16,994 came from Great Britain, Northern Ireland and the Irish Free State, 5,307 from the United States and 11,648 from other countries, almost entirely from Northern Europe.

In the same three months 9,511 Canadians who had been in the United States for six months or longer, and who went to that country to settle, returned to Canada.

Since the department of immigration and colonization began to keep a record of these returning Canadians on April 1, 1924, a total of 42,916 have come back up to the end of last June.

Dease Lake Promise Was Not Fulfilled

Disappointed Miners Start Trek Back From Cassiar.

Telegraph Creek, B.C.—The out-trail from the Cassiar is being trodden today by a host of disappointed miners who hope of quick wealth in the placer fields of Dease Lake have been blasted by the cruel reality of life in the inhospitable northland.

A few small strikes have been made, but there is little to show for all the excitement that was stirred up last winter by the announcement of the discovery of free gold in the ancient mining camp which was abandoned in the late sixties with the dawn of the Klondike glory.

Canada-U.S. Drug Pact

League of Nations to Study Recent Extradition Treaty

Geneva.—Governments represented in the League of Nations are to study the recent extradition treaty between Canada and the United States concerning offenders against the laws concerning opium and other dangerous drugs, with a view to the conclusion of similar treaties among them. A recommendation for this effect was approved by the league council on recommendation of its permanent opium commission.

Ku Klux Klan in Berlin.
Berlin.—The Berlin police announced that they have uncovered a movement headed by three United States citizens, and participated in by about 1,000 Germans, for the establishment of an order to be known as the "Knights of the Holy Cross," along the lines of the Ku Klux Klan.

Veteran Newspaper Man Passes

Journalist at Emerson, Mass., died suddenly at his home in Emerson, Mass., Monday, September 7, from a stroke of paralysis. Mr. Ballantyne was one of the veterans of journalism in Manitoba. He had been publishing the Journal for over 30 years, and previous to that time had been foreman in the office of the weekly, which is a long record of service to the district.

Last year Mr. Ballantyne, with Mrs. Ballantyne spent the summer in the Old Country, visiting Wexley with the Western Canadian editors. Mr. Ballantyne was on the executive of the Western Press Association, was a prominent Freemason and is survived by his wife, who formerly was Mrs. D. F. Henderson, pioneer of Winnipeg and Stonewall. There are no children.

W. B. Ballantyne, editor of the Journal at Emerson, Mass., died suddenly at his home in Emerson, Mass., Monday, September 7, from a stroke of paralysis. Mr. Ballantyne was one of the veterans of journalism in Manitoba. He had been publishing the Journal for over 30 years, and previous to that time had been foreman in the office of the weekly, which is a long record of service to the district.

APPOINT BOARD FOR ADJUSTING LABOR DISPUTES

Ottawa.—The establishment of a board of adjustment on the Canadian National Railways to deal with grievances or disputes not otherwise adjustable arising from the application of wages and working conditions schedules as affecting clerical, station, shop, shed, roundhouse and similar classes of employees was made public by representatives of the employees. The new board is similar in constitution to that of adjustment No. 1, which has been functioning for a number of years in connection with grievances of conductors, engineers, firemen, trainmen, maintenance of way employees and others.

Under the agreement just signed by representatives of the railways and the employees, the new board will be composed of eight members, four from the railways management and four from the employees. The chairman and vice-chairman will hold office six months and will be selected alternately from the management and the employees. To the board will be brought all claims of dispute arising from the application, non-application or interpretation of the schedules, and which have failed in settlement between the officers of the railway and the representatives of the employees. The decisions of the board will be final and binding upon both parties.

Has Denounced Bolsheviks

Premier of Australia Takes Stand Against Communists

Melbourne.—The disturbed conditions in Australia have caused Premier Bruce to take a definite stand against the Communists. In a public address here the premier denounced the local exponent of Bolshevism, and asserted he would not hesitate to appeal to the people for endorsement of his action. If necessary, he would seek a mandate for further action to insure peace and good government.

Warrants have been issued for four hundred Melbourne seamen for their part in the unofficial strike against the recently announced wage decrease.

ACTION ON B.C. GRAIN RATE CASE TO BE DEFERRED

Vancouver.—Decision on British Columbia's application for revision of the scale of rates on grain consignment for domestic consumption will not be rendered prior to a general revision of freight rates, according to a statement by the Vancouver board of trade from Hon. H. A. McKeown, chairman of the board of railway commissioners for Canada.

Mr. McKeown takes the position that the seasonal movement of export grain demanded early action, while the statement of urgency was not present in the case of domestic grain rates. The same applies to express rates, upon which the board has been asked for a judgment.

Victoria.—That the railway commission's recent order equalizing export grain rates will not be affected by the resolution of three members of the commission who did not take part in the judgment, was the opinion expressed by Premier Oliver after he had examined copies of the documents.

Cowboy-Earl Likes Ranching

Wyoming Man Who Inherited Title Will Remain in U. S.

Sheridan, Wyo.—Oliver Henry Wallop, aged 63, Wyoming rancher, who succeeded to the title of Earl of Portsmouth through the death of his older brother, John Fettes Wallop, seventh Earl of Portsmouth, in London, will retain his United States citizenship and legal residence in this country, and plans to continue living on his 2,000-acre ranch near Sheridan after he assumes the title.

The new earl did not appear to regard his rise to the British peerage as extraordinary, and his answer to queries about his departure for England to assume the earldom was that he intended merely to visit his native land, be invested with the title, and then return to his cattle ranch.

During the fall of 1923, Wallop went to Canada on a hunting expedition. From there he wandered to Wyoming to visit a colony of Englishmen near Sheridan. He liked it, and bought a ranch.

Plans For Super-Zeppelin

U. S. May Build One Twice As Large as the Shenandoah

Akron, O.—Plans for a gigantic super-zeppelin, twice the size of the Los Angeles or the ill-fated Shenandoah, and safer than either, are being drawn up here by the experts of the Goodyear-Zeppelin corporation.

The experts look forward not only to building this super-ship, but to a day when they will build yet larger ships. They believe that the larger ships could weather the most severe storms. In fact, they feel that smaller ships can also ride the severest storm.

The proposed GZ-1 would hold 5,000,000 cubic feet of helium. The Los Angeles holds 2,600,000 cubic feet, while the Shenandoah held 2,150,000.

Earth Is Slowing Down

Washington.—The earth is slowing down, says a recent publication of the Smithsonian Institution. But there is little danger of a cessation of its rotary motion, for the rate of slowing down is only one thousandth of a second per century.

This means a loss of a minute in 24 million years. Scientists estimate that ages and ages ago the earth revolved so fast that a day was three or four hours.

Seize Canadian Schooner

New London, Conn.—The Canadian schooner *Diana*, of Lunenburg, N.S., was seized in Narragansett Bay when it grounded while attempting to escape from a patrol boat.

Japan Fighting "Red" Propaganda

Country Fears Effect of Intercourse With Soviet Russia

Tokyo.—For Mr. Ishihara, propaganda in Japan is ever present among the heads of the government and it was recently reported that the home department is planning to introduce a bill at the next diet session for the organization of a special police service to deal with the situation. It is said a yearly outlay of 1,000,000 yen will be asked for this purpose.

The government has not been amiss in adopting measures calculated to be effective in coping with untoward developments that may follow the reopening of the country for intercourse with Soviet Russia. Of these measures the most important is, of course, the new peace-propaganda law, which the Diet voted at its last session.

It has been found that channels for the introduction of "red" propaganda are rapidly increasing owing to the growing frequency with which the people of the two countries are exchanging visits for commercial, touring and other purposes and also because of the freedom with which new publications are being imported.

The home office regards it as imperative in consequence that a police service of special nature be perfected to deal with the problem of propagation of radical thought.

Canada Not Thinking Of Annexation

Has No Idea of Joining U. S., Says Premier King

Toronto.—"Canadians are no more thinking of annexation with the United States than the people of the United States are thinking of annexation to the British Empire," said Sir H. Mackenzie King, premier of Canada, at the directors' luncheon in "International Day" of the Canadian National Exhibition.

Mr. King added, amid laughter, that the idea of annexation of Great Britain and the United States was one that he would prefer to see brought about before the joining of Canada to the United States was considered.

The prime minister said that so far as he was concerned he would oppose with all his might the idea of annexation of Canada and the United States.

UNITY IN CANADA IS STRESSED AT QUEBEC MEETING

Quebec.—Unity on the part of all the provinces in the Dominion was the keynote of the addresses delivered here at the reception tendered by Hon. Mr. Perceux, lieutenant-governor of Quebec, to lieutenant-governors of Canada.

Among the speakers were: Sir James A. MacLachlan, lieutenant-governor of Manitoba; Col. Hon. Harry Cockshutt, lieutenant-governor of Ontario; and Premier Taschereau of Quebec.

Hon. Harry Cockshutt said the drawing together of the different provinces was greatly to be desired in Canada. Sir James MacLachlan said the unfortunate thing was that Canadians did not understand each other.

"When I think of Canada, of its splendid future," he said, "and when I think of the province of Quebec, I call it the anchor of stability upon a troubled sea, as Canada could not be Canada if it were not for Quebec."

Premier Taschereau, after welcoming the lieutenant-governors and explaining the hopes and ambitions of the French-Canadians, said: "Our motto is unity in diversity, and nowhere in this Dominion will you find a better Canadian spirit and a more friendly and sympathetic feeling towards those who will reciprocate with us. British Columbia's perpetual summer weather, Ontario's industrial possibilities, Quebec's natural resources and the Maritime's sea and forest wealth, if united, are the foundations of our great future."

CANADA'S WHEAT YIELD ESTIMATE 391,819,000 BUS.

Ottawa.—Canada's wheat yield of 391,819,000 bushels for 1925 is the preliminary estimate of the bureau of statistics recently issued. The yield last year was 262,000,000 bushels.

The average yields in bushels per acre for all Canada in 1925 are reported as: Fall wheat 29.5, last year 28.3; spring wheat 17.4, last year 15.4; wheat 17.3, compared with 11.3 bushels per acre last year.

The fall wheat estimate for this year is 25,897,000 bushels and spring wheat 335,222,000. The estimate for oats is 634,325,000 bushels, as compared with 456,070,000 bushels in 1924. The crop for 1925 is estimated at 15,247,000 bushels, compared with 15,000,000 in 1924.

In the Atlantic provinces "the weather has been ideal and a bountiful harvest is anticipated."

In Quebec the prospect for grain crops is generally favorable.

In Ontario "grain crops for 1925 are in excellent condition, and the weather has been ideal, threatening to be well advanced and grain crops are yielding well above the average." The weather in Manitoba has been favorable for harvesting, and threshing will become general at the end of the month. Considerable damage has been caused by rust, both yields and grade of wheat being reduced, but the yields are still generally above those of the ten-year average. In Saskatchewan all grain crops are in good condition. Except for showers, about August 23 the weather was very favorable for harvesting, and cutting was well advanced at the end of the month when threshing had begun.

The main source of the injury to crops are drought and frost.

In Alberta ideal weather has prevailed for harvesting, but heavy rains fell in the north. Prospects generally are for over average crops.

In the Columbia, harvesters during late August greatly benefited pastures and late crops.

Anthracite Prices Advance

Predicted Cost Will Further Increase If Strike Continues

Washington.—Complaints that retailers are beginning to increase prices of anthracite coal are arising from a number of cities. Predictions are made that the price will still further increase if the strike continues, and that consumers here and in Canada will bear the burden.

Meanwhile, there are no signs that the coal situation will be improved in the strike, and the outlook will apparently drift on indefinitely.

80 Million Feet of Lumber Destroyed
Hawkesbury, Ont.—More than 80 million feet of lumber destroyed by the Hawkesbury Lumber Company, Ltd., was destroyed by fire which broke out in a pile at the west end of the island on which the company's yards, mills and houses are located just opposite this town on the Ottawa River.

The loss is set by R. L. Blackburn, of Ottawa, managing director, at \$7,000,000, which is stated to be well covered by insurance.

Increased Output of German Wheat
Ottawa.—The official statement of Germany's production of wheat this year is 106,867,000 bushels, against 82,200,000 last year, according to a cablegram received by the department of agriculture.

The area sown to wheat in Argentina, according to a revised estimate, is 13,825,000 acres, as compared with 17,789,000 last year, and the condition of the crop is excellent.

Wait-Embargo Removed
Vancouver.—Requests for the lifting of an embargo on Canadian supplies, which has been enforced for the last five years, have been filed with the Japanese Government. According to consulate officials here, samples of the new crop are to be shipped to Japan as soon as possible, and if they are pronounced free from the menace of the codling moth, the embargo will be lifted. It is expected.

Advances Bay Route
Regina.—That the property of Bay Railway is feasible and that an early completion of the construction is desirable is the opinion of C. C. Cooke, of this city, who has just returned from a trip to the bay by rail and water, with a party of western business men.

Much material and considerable water power is available for harbor facilities at the end of the line, he states.

Surrender to Surrender
London.—A dispatch to the Daily Express from Tangier says the Moroccan tribe, one of the richest and most important in Morocco, surrendered unconditionally to the Spaniards when they landed at Alhucemas Bay.

Tractors and Threshers for the Harvest

Part of a record shipment of tractors and threshers from the J. L. Case Tractor Co. of Turin, which left there recently over Canadian Pacific lines for the western wheat fields.

Items of Local and General Interest

When an engine knocks it is losing power; so does the man who knocks his home town.

Mr. and Mrs. C. J. Bondy, of Cowley, were visitors to Blaimore on Friday afternoon last.

Mrs. McBretney, of Three Hills, is a visitor here with her parents, Mr. and Mrs. A. W. Robbins.

Rev. A. W. Neal, former pastor of St. John's College, Winnipeg.

A short session of the town council was held on Monday night, at which a small batch of accounts was dealt with.

Mr. J. Charbonnier, managing director of the West Canadian Collieries, Limited, is due to arrive from France shortly.

It is rather unusual to see dandelions and wild strawberry plants in full bloom at this season of the year, but all through the Crows' Nest Pass they are to be seen right now.

A country paper, in speaking of a meeting of a club, said "the decorations used at the rooms were red, white and blue; the women serving the tables wearing a maple leaf."

Hon. R. B. Bennett, C.C., former minister of justice, was the unanimous choice of the Conservatives of West Calgary at the nomination convention on Monday.

Mr. Lewis, brother of John L. Lewis, of U.M.W. of A. fame, has been in this district for several days, in company with Rod McDonald, international board member.

Major Lyndon, of Lyndon, near Claresholm, spent a few days here this week with his daughter, Miss Grace, who has accepted a position on the new teaching staff.

A parcel of dunes arrived here through the mails from Nova Scotia one day last week and for twelve hours afterwards very few people could be seen in the vicinity of the local postoffice. When the atmosphere cleared, most of the adult population were found located near the hydrants and beer shops.

The department of education at Edmonton has been advised, probably by the local school board, that the school has been reopened with an efficient and capable staff of teachers. The board seems to be in a better position to judge an article on sight than any inspector who has sized up a teaching staff for a year.

School board members, as public servants, are supposed to perform their duties with impartiality as far as the ratepayers are concerned; yet members of the Blaimore board are known to have used their influence against one ratepayer in favor of another in their efforts to attain their ends in the controversy that has arisen here.

Miss Helen Fitzgerald, who has been teaching at Golden Hill during the past term, is leaving in a few days for Blaimore, where she has accepted a position for the term opening there on the 15th. Miss Fitzgerald, during her residence in this district, formed a wide circle of friends who will wish her every success in her new field.—Hanna Herald.

The school board, even today, is endeavoring to have the ratepayers believe that their sole object was to cut down salaries and reduce taxation; but the public, or at least considerable of them, know this: that the board intended by hook or crook to get rid of Mr. Conway as principal. No better proof of this statement is necessary than the fact that after Mr. Conway had received a letter from the board, asking him to accept a \$400-a-year cut in salary, his position at practically the old salary was offered another to take his place.

The first regular meeting of Coleman Lodge of Elks will be held tomorrow night.

Peace is a pleasant interval when Christian nations have nothing to do but frisk the heathen.

A Czech-Slovakian dance will be held in the hall at Frank on Monday next, September the 21st.

Yell fire at the movies and half the flappers will rush out without waiting to slip their shoes back on.

At Red Deer it costs ten dollars to rough-handle a Chinaman, and a tough of that town paid for the privilege a few days ago.

The members of Crowview Rebekah Lodge No. 66 are holding their sixth anniversary celebration in the Lodge Hall tonight, Thursday.

Fernie won the right over Edmonton to represent British Columbia and Alberta in the Western Canada Baseball Championship playoff.

A Manitoba daily paper makes reference to a Presbyterian minister by the name of Rev. David Christ. Must be the second coming.

We are informed by the proprietor of the Orpheum Theatre that the big film production, "The Ten Commandments," will appear here shortly.

Mr. Glyn Thomas, son of Mr. and Mrs. W. Thomas, of the Alberta Government Telephone staff, has accepted a position at the local branch of the Royal Bank of Canada, succeeding Mr. Jack Clark, who is in line for promotion.

Mr. and Mrs. H. W. Hilton, of Edmonton, who with Mr. and Mrs. Herman Varley and daughters Tillie and Rosie, also of Edmonton, who had been visiting old friends at Bellevue and district, left Saturday morning for the return trip, motoring by way of Cranbrook, Windermere and Banff to Calgary.

"It's a splendid testimony of the solidarity of the organized teaching profession that the Blaimore school board were forced to try for over three months to get a sufficient number of teachers to replace the A.T.A. teachers who were dismissed."—John W. Barnett, secretary Alberta Teachers' Alliance.

At least one citizen, claiming to have originated somewhere in Wales, was sadly disappointed on Monday morning when he found that no such thing as hairpulling ensued between the old and the new teachers. That same individual had no idea that a teacher possessed good principle or could adopt sane and reasonable tactics.

Mr. G. G. Coote, Progressive representative in the Dominion house for the Macleod constituency, and Mr. Shields, former representative for Macleod in the provincial house, were visitors to this district during the week. Mr. Coote will again contest the riding in the forthcoming elections—and hopes to enlist popular support.

Mr. John Herron, of Pincher Creek, the prospective standard bearer of the Conservatives of this riding in the forthcoming federal elections, was a visitor here yesterday, accompanied by about twenty others, including Dr. J. J. Gillespie. John, as the old Conservative war horse, has many friends in this district, who were glad to see him looking so hale and hearty.

Lethbridge Elks are asking for rebate of \$200 paid the city as a license fee for their recent carnival. The mayor, however, is opposed to any such rebate, on the grounds that the city lost about \$600 by refusing to permit the Conklin & Garrett Shows to operate in the city. Such a stand seems unreasonable, since the Conklin & Garrett enterprise is purely private, while the Elks were operating for community benefit.

It's fair enough: Once the prophets fixed the law; now the law fixes the prophets.

Mrs. Robertson, of Mirror, Alberta, is visiting with her parents, Mr. and Mrs. A. W. Robbins.

Some people will do anything to save money. In Los Angeles a Scotch woman married her chauffeur.

Henry Ford isn't the only one setting the pace. There are others who set the pace with Henry's machine.

Did you ever notice when in a car going thirty-five to forty miles an hour that the scenery always slips by?

Mr. Fred Knapman leaves Sunday night for Calgary, where he enters upon studies in the Calgary normal school.

Spend your dollar at home and you've a chance to get it back. Send it out of the country and it's gone forever.

British Columbia schools were granted a holiday on September the 11th, the occasion of the birthday of Lieutenant-Governor Walter C. Nichol.

Mr. and Mrs. C. F. Sedgwick, of Nelson, motoring through to Lethbridge, stopped at Blaimore last night and registered at the Greenhill hotel.

M. B. Huffman spent the week end in Blaimore, returning to Lethbridge last Sunday evening. Mrs. Huffman and children returned home on Tuesday's local.

A special golf competition for men and women will be held on Wednesday, September 23rd, starting at 2 p.m. Prizes donated by Mr. and Mrs. C. F. Sedgwick.

In Loving Memory

PETER PISTOR
Who died 22nd of September, 1923
I often think of you, dear Husband,
I often speak your name;
But all there is to answer
Is your picture in a frame.
But oh to hear your loving voice,
What would it mean to me.
Lovingly remembered by his Wife,
Mrs. P. Pistor.
